

1. Introduction to BTBU

Established in 1950, Beijing Technology and Business University (BTBU) is a key multidisciplinary university, run by Beijing Municipal Government. BTBU focuses both on teaching and research. After years of development, BTBU has become one of the *leading universities in Beijing*, and it attracts a large number of excellent students coming from all over the world.

There is 5-10 Chinese language scholars 、 degree scholars provided for 2015/2016 academic year.

No requirement for Chinese language students, degree scholars students apply for Chinese teaching project requirements of HSK5 or the new HSK4 210 or more points, diploma students apply for English teaching projects (speakers of other languages) is required to submit the TOEFL net test more than 70 or IELTS 5.5 or above results prove or other can prove oneself English level.

Any new degree-seeking student (undergraduates, postgraduates and doctors) studying in Beijing Technology and Business University (BTBU) shall attend courses, finish homework and pass exams, which means he need meet the scholarship requirement for new degree-seeking students in the first academic year. From the second academic year, he can continue getting full scholarship if he meets the scholarship requirement for matriculated degree-seeking students.

According to the amount of the aid, BGS is divided into different levels that ranging from 5,000RMB /person/year to 30,000RMB /person/year. The scholarship is available for undergraduates, postgraduates, doctoral students, Chinese language students and exchange students to do tuition fee remission (no cash back to applicants). Any other expenses are self-funded.

BTBU offers 12 English-taught Major Programs:
